

Parenting Classes

New Parent Support Program

Wouldn't it be nice if kids came with instruction manuals?

Parenting class offers parents the tools to raise healthy, happy and cooperative children. Join us as we learn the skills to help build a trusting and loving relationship, and guide behavior with clear communication, effective limit-setting and use of consequences.

Classes are held on Tuesdays from 10:00 am-11:30 am at the Marine & Family Programs West (Bldg. 202860) off of San Jacinto Road. No pre-registration is required. Parents only please, as childcare is not provided at this time.

Join Us!
